Offers to Purchase

Situated in the medical precinct you'll find this 1,135m² vacant block of land right opposite the Rockhampton hospital. It's very rare to see a parcel of land of this size, in this location & best of all it's already VACANT! This site had a DA approval back in 2014 for 6 units, and although this has lapsed - the opportunity to create something special is still VERY relevant. Sites like this are few and far between. To find out MORE, please reach out today and give me a call. I look forward to chatting with you soon.
