This is a fabulous flat block in a well-established street. Corner blocks are always popular as they allow for two street access to your property. This block abuts Maroo Street and Angorra Street and is a mere five-minute drive to the island amenities and the jetty and within walking distance of parks and the Bowls Club. It is fenced at the side and the rear with trees framing the block along the perimeter of Maroo Street side. Russell Island is a 20-minute ferry ride from Redland Bay Marina. We have all the infrastructure and facilities you need to live comfortably here. Forget mainland traffic and the dreaded rush hour, the lifestyle is easier here.
