This wonderful block of land on the Hamilton side of the township, has a lovely rural outlook and could be a great place to build (STCA). The block is approximately 1000m² and is slightly elevated. Services are close by. There is also another block of land adjacent to this one so there is the possibility of buying that extra land and having a large town block. The extra parcel of land is approximately 2000m². Coleraine is a welcoming community with great attractions close by. Step into Glenelg Fine Chocolates to indulge in hand made chocolates then head off to discover many attractions such as the Wannan Falls, Bochara Wines, Talisker Homestead, KonongWootong Reservoir and Nigretta Falls all close by to Coleraine. Not only a great place to visit but why not get your own block of land and potentially build your dream home (STCA). Coleraine has conveniences such as medical, retirement hospital, IGA supermarket, chemist, bank, post office, two pubs and cafes, everything you need.
