\$369,000

What a cracker of a block! 1171 sqm of something special. Look at the homes that are built around this fabulous bit of land and you'll know that you will be buying a champagne block with beer budget money. Possible dual occupancy block (STCA) at this size or just a block big enough to swing a giraffe. There isn't much left around that are this big, and even less in such lovely streets where only the best homes are being built. All services available, close to Malua Bay beaches, shops and clubs, peppered with only a few gum trees, this is a block you'll regret not putting your foot on when you had the chance.
