## **Offers Over \$450k - Rare 4.3 Acres Prime Location**

Build the dream...It is totally unheard of to be able to buy prime vacant land on Masons Road - it's THE dress circle location in Kuranda. Private with a feeling of being in your very own rainforest, there's a large flat open and sunny house pad in the middle of the property. The entrance meanders and crosses over a causeway which leads up to the open sunny spot. If you wanted to do a little bit of clearing, there's also the option to build closer to the front of the property - plenty of space. There's a long billabong that's big with natural pathways along its bank, so you could have water views if you wanted to build close by - really lovely. There's also Jum Rum Creek at the back of the land, with lots of native birds and wildlife. Services are at the front of the Property on Masons Road. Location Location Location, 5 minutes to Kuranda Village, prestige area for building that ultimate dream property.
