Why build 1 when you can build 3? This DA Approved site is maximising the sites potential and the end product will be sought after with its smaller gardens to suit our busier life styles. This desirable site is located behind the new Sunshine Bay Early Learning Centre and the soon to be shopping centre with specialty stores and is just a couple of minutes drive from the centre of town. Save yourself the stress of chasing approvals and do what you do best and build these well designed town houses. This site is sure to be well sought after so call now to get a set of plans and discuss your options. There is also another site available next door with 3 more town houses at 6 Cunningham Crescent, Sunshine Bay.
