Expressions of Interest

What an opportunity for the investor within the Swansea boundary. This parcel of level land with a Development Application already approved, is fully fenced, has power, town services all running past and is just what an investor with a keen eye is looking for. The entrance is off Francis Street, with some blocks backing onto Tasman Highway whilst the majority of blocks are internally located. You will enjoy the beaches located nearby, boat ramps just a short drive away, coffee shops, restaurants, wine bar and all that the town caters for as far as shopping goes. With vineyards that offer sales, tastings and food located north and south of Swansea, both Launceston and Hobart airports only 1.5 hrs away, the property lends itself to the lifestyle you deserve.
