\$375,000

Located approximately 6 Km from the Hume Freeway and around 15 km to Benalla, this property is perfectly situated to absorb the distant hills, surrounding farmland and close enough to all modern day facilities. A recently approved planning permit for a dwelling has been issued. The property itself has had a new front boundary fence and gate installed with the remainder of the fencing in good condition. There are a number of established matured native trees to compliment the rural settings along with a new, raised, driveway and pad for a shed/s. To top all of this off, the power is available on the property, leaving you nothing to do but plan your dream home.
