A master planned community that's close to everything, but far from everyday. Nestled atop the Great Dividing Range, Alford Grove is a natural haven just moments from Toowoomba CBD. The city's first master planned community features green, walkable streets, thoughtful landscaping, extensive parklands and five kilometers of meandering walking and bike trails. With natural beauty in abundance, community is at Alford Groves heart. This is more than a place to build a home; it's an opportunity to find your forever home among-like minded neighbours and friends. Alford Grove is a natural haven where a naturally-abundant and secure life within a close-knit community for individuals, couples and families of all generations is in reach.
