The old gold rush town of Westonia is just over four hours drive from Perth. This charming hamlet features many historic buildings which have been restored to their former glory, preserving the town as it was in its boom gold mining days. Westonia has many of the facilities found in larger towns while offering a relaxed lifestyle. Attractions including the disused Edna May gold mine and woodlands and wildflower heritage trail are a stone's throw away. • Lots unserviced • To continue the development of a vibrant regional community, homes are to be built within 36 months from settlement • All lots are ready for development To see all available lots, prices and to download the stage plan, please visit [www.developmentwa.com.au/westonia](http://www.developmentwa.com.au/westonia)
