This is a rare find indeed – 3 x 5 acre titles of land adjoining each other and with two road frontage. Has been used as Moto X track for family pleasure in the past otherwise it is quiet country vacant blocks. Very comfortable caravan with sitting room, bedroom and bathroom with shower and chemical lavatory plus the additional shed is ideal for storage and car accom. Picturesque parkland setting amongst the pine trees. Rolling lawns, plenty of bird life tame enough to eat out of your hand, kangaroos and wallabies. This is a very attractive and quiet property indeed. Spring fed dams, surveyed boundary points. Whilst the current Town plan doesn't allow any residential use, rural sheds are permissible. Call Logan Steele on 4681 3311 or 0418 723 495 to arrange an inspection.
