Creekside Rainforest Retreat

Whether you're looking for a weekend retreat or a peaceful place to create your idyllic rainforest getaway, this 5.8 acre property at Upper Horseshoe Creek offers a long boundary to Horseshoe Creek and a private position about 23km outside of Kyogle.

Offering rustic self-sufficient living amongst stunning natural surrounds, the unique timber cottage has an open living area with gas kitchen, and a bedroom off the front porch. There's an additional sleeping area on the mezzanine. The bathroom is separate. The property is serviced by mains power and there's a large rainwater tank.

Water is a feature here, with the crystal clear creek providing water fresh out of the rainforest, plus some small swimming holes. Spring-fed aquaculture ponds were previously used to grow silver perch.

There's a large storage shed, a large machinery shed, plus a covered outdoor area idea for housing a caravan or creating an entertaining area. Also on the property is a covered veggie patch, perfect for creating your own market garden. Already well-established are mature fruit and nut trees including mango, pecan and grumichama.
