54 Acres + Original 3 b/r Home

Located on the picturesque Rokeby-Jindivick Road, this approx 54 acre property features mostly undulating land, red soils, elevated location with views over Warragul and beyond and, most unusually, a disused quarry!

The mostly original 1950's weatherboard home has had a new roof, and offers generously sized rooms including lounge, dining and three bedrooms.

Shedding includes a disused dairy and a high clearance 12m x 10m shed.

The Jindivick region is highly regarded for its agricultural productivity, and this property is no exception. The pasture is divided into 12 paddocks.

The quarry has been out of operation for over 40 years, but has left an unusual and interesting landscape (and a great supply of rocks!)

An ideal acreage property in a sought after locale.
