Tucked peacefully away behind sturdy security gates at the very end of a little known cul-de-sac on the edge of up and coming East Sydney, this bright, friendly terrace is a real winner. The layout is a little different due to the somewhat triangular nature of the block, which allows the spacious living/dining area and the kitchen to open directly to the gorgeous private north east courtyard, adding emphatically to the overall intimacy of the place. The quality is apparent in every detail, from timber floors and stainless steel fixtures right down to the inclusion of a skylight to maximize light. But the best part is the proximity to absolutely everything - round the corner to the bright lights of Taylor's Square and Paddington across the park to the city and the Art Gallery, shops, cafes restaurants & bars galore, yet not a sound to disturb your total peace. Features include:-2 bedrooms main with city skyline & local outlook-Spacious open plan living and dining room-French doors to side, north-east courtyard-Up to the minute kitchen & bathroom and laundry-Total peace and privacy, good security-Close to everything, lots of entertainment
