"The Farmhouse". A very charming and cosy farmhouse on a large working farm which has two other dwellings on it, but is quiet and private. It has three bedrooms with built-ins plus a large separate office/study separated by a carport. Two bathrooms and two living rooms - one has a wood burning heater. The open kitchen has gas cooking and a dining area. There are lovely timber floors throughout the home and a large, covered timber deck overlooks the garden and yard. Ideal for a family or a couple. Available NOW @ \$750pw
