If you want a place to hide away amongst the Tasmanian Fauna and Flora here is the perfect spot. Located 200 meters from Hastings Bay on the edge of the Tasmanian Wilderness is this beautiful block of magnificent trees (some over 300 years old) a spring and a small humpy. No one will see you here although there are neighbours if you want them. Southport Shopping Centre is less than 10 minutes away and Dover is about 20 minutes' drive.
