\$900,000 - \$990,000

Embodying bayside excellence with contemporary design features and a minimalist, low-maintenance material palette, idyllic interior domains are supported by serene, north-facing outdoor entertaining. A double fronted exterior profile is perfectly balanced and elegantly simple, with these features emulated within. Entertaining shifts seamlessly between inside & out, as front & rear sliding doors connect to distinct outdoor spaces. The front gardens are beautiful but the north-facing patio at the rear takes centre stage for any outdoor celebration. Fabulously equipped, the kitchen responds to any culinary demand with effortless success, boasting high-volume cabinetry, wraparound preparation benches, a breakfast bar, and stainless-steel appliances. A ground floor bedroom is privileged with sliding door access to the rear patio, and access to the main bathroom. Above, two further bedrooms share access to a second bathroom. Features include BIR in each bedroom, Euro laundry, split system heating and cooling upstairs and downstairs, and a secure garage with off-street parking. This incredible location places Highett Reserve and Waves Leisure Centre within metres of the door. With Sir William Fry Reserve, Southland SC, Cheltenham station village, and Highett Road seconds away, Bayside amenities get no better than this.
