This lovely 2 bedroom home is so neat and tidy and being a Townhouse it is a very rare property indeed especially with the enormous front/side yard and garden that is all yours to enjoy with family and friends. This home is light and bright, is very nicely laid out and features tiled floors, skirting boards, a spacious and functional kitchen with built in dishwasher and overhead cupboards as well as a large family and meals area that leads directly to the large patio and the enormous, and beautiful yard and garden. The living area has split system reverse cycle air-conditioning as well as a ceiling fan and also there are security screens and doors throughout. Both bedrooms are upstairs and have reverse cycle air conditioning & built in robes. The master has its own balcony, and the modern bathroom has a shower and is adjacent to the separate toilet. The undercover carport includes a separate store room. Located in a small group of only 10 at the very front of this well maintained complex this beauty really does tick a lot of boxes not to mention very low strata fees and this fantastic and convenient location which is so close to pretty much all that fabulous Maylands and Inglewood have to offer. This lovely home really does provide the ideal place to call home or to buy as an investment. I think upon inspection your decision to purchase should be an easy one so do not snooze, or you will lose. CONTACT BRETT NAZZARI on 0418 900 571 FOR ANY FURTHER INFORMATION.
