Type: Townhouse

Welcome home!

Infused with on-trend designer qualities and the practicality of individual bedroom suites, this boutique new 3 bedroom 3.5 bathroom street front town residence is the answer to innovative investing or low maintenance shared living for adult families.

One of only three on the block with its own driveway, this gorgeous abode enjoys a stylish open plan living and dining area with a beautiful gas log fire, bespoke cabinetry and a touch of VJ board paneling; a dynamic kitchen with walk in pantry and black glass Bosch cooking appliances, a downstairs bedroom suite with custom walk in robe and fully tiled ensuite; a vogue laundry (garage access) with a glamorous hidden powder room, and space for a study nook under the stairs. Upstairs features a generous main bedroom with timber-lined walk-in robe and sublime ensuite; and a 3rd double bedroom suite with built in robes and matching ensuite.

Stacker sliding doors open onto a paved terrace, while the gardens are expertly landscaped using striking natural textures including recycled vertical sleepers, honed bluestone pavers and black mulch that pops the greenery.

Sophisticated with European Oak floors, black tapware and door furniture, and double blinds, this lifestyle sensation is appointed with ducted heating/air conditioning, instant hot water, a video intercom, double glazing, a large shed, water tank and an auto gate to an auto garage and driveway parking.

In this parkside pocket near Bicentennial Park and bike trails to Patterson River, walk to shops and cafes in both Chelsea and Bonbeach, catch the train at the new stations or the 857 bus to make the journey quicker, minutes to glorious white sandy shores and fun activities at the beach, or enjoy the restaurants along the highway.
