AUCTION | \$550K-\$590K

Merely five years young, street fronted and set in a quiet pocket close to Woodland Reserve, this well-presented townhome is the perfect start or investment, situated close to Dallas and Broadmeadows amenities and a selection of primary and secondary schooling. Light-filled open plan living and dining spaces are overlooked by the neat stone-topped kitchen, flowing through sliding doors to a courtyard, relaxing and private, with a pergola, garden shed, water tank and rear access to the double garage. The master bedroom with ensuite is conveniently positioned on the ground floor, and two additional robed bedrooms are quietly set upstairs away from the living spaces, alongside a second full bathroom. Multiple split system heating and cooling units allow personalised comfort throughout the home, and a study space, laundry and downstairs powder room round out this fantastic package. Located walking distance from Dallas Brooks kindergarten and primary school, it's a quick car trip to shops, medical, sporting clubs and Upfield station.
