Sophisticated living and so close to everything

The ultimate compilation of modern living is right here in this elevated two storey residence, nestled in a boutique development and positioned right in the heart of Thornbury, walking distance to High Street shopping/dining, public transport, local parklands and much more.

Constructed to meticulous standards, this visually appeasing home incorporates two spacious bedrooms each with fantastic robe storage, serviced by a central bathroom, as well as a grand open plan kitchen and dining area alongside a large living zone that's linked to an outstanding entertainers' balcony.

The elegant kitchen showcases quality appliances, dishwasher and stone surfaces. There's also the added appeal of a supersized laundry and WC, split system heating cooling, quality window furnishings and a single garage.
