This showcase of contemporary splendour in this superb lifestyle location is ready to move into now and promises to be the perfect family home. Close to Albion North Primary School, St Albans Secondary College, Sunshine Square, Ginifer Station, and picturesque Brimbank Park, a beautifully balanced lifestyle is waiting. Exemplifying modern design, this home's interior is bright and welcoming. The open concept living area overlooks the kitchen with high ceilings, warm floorboards, stone benchtops, gas cooktop, and generous island. The laundry neighbours this space for practicality and surplus storage. In addition, entertaining here will be a delight with direct access to the paved patio and manageable courtyard with rain water tank. For families, the bedroom configuration has also been carefully considered. With a ground floor guest bedroom and full bathroom, options are opened for multi-generational living. Upstairs, the 3 additional bedrooms, including main with ensuite and walk-in robe, ensure optimal comfort. With a surplus of fine finishing touches including split system heating/cooling units throughout, floor to ceiling tiles in the ensuite and bathrooms, under-stair storage, and an oversize single garage, this wonderful home offers a wealth of features. Inspection will impress.
