\$1,012,000

Position yourself in prized Pennydale and love the lifestyle offered by this tranquil home. The rear of just two single-level homes on the block, the sun-filled home provides an easy-care setting that will appeal to young families, downsizers and investors in equal measure. A fresh presentation and really well-planned layout are the highlights of this sparkling home which comprises a superb open plan living/dining zone flowing into a light & bright kitchen right at the very heart of the floorplan. A sheltered sunroom offers an appealing space to relax whilst sliding doors from the living room open out to a sensational alfresco deck wrapped in private and low maintenance gardens. The master bedroom is generous and welcoming, offering a large walk-in wardrobe and ensuite access to the home's central bathroom; a second double bedroom also with fitted storage is an added bonus as is the practical study desk that has been incorporated into the large laundry. With internal access to the auto garage plus the reassurance of a security system, this attractive opportunity also offers ducted heating/vacuum, panel heaters and a split system in the living room. Approximately 15 minutes on foot to Southland and its station, close to buses, parklands and fabulous golf courses, this sought-after pocket is also within easy reach of Cheltenham's dining options and a quick trip down to the beach. For all enquiries please contact Pandelis Plousi 0409 553 929 Hodges Mentone.
