\$850,000 - \$900,000

State of the art inner-city living is made real, and this two bedroom number with its open plan living out to a rear courtyard is just the ticket. Beyond a neat front door, this home impresses with its stylish interiors. Polished timber floors line a spacious living room that comprises a chic lounge, modern dining and gourmet island kitchen complete with an Electrolux oven and Fisher & Paykel dishwasher, while the rear courtyard offers an alfresco entertaining space. The upstairs domain with its oversized bedrooms with robes share a two-way bathroom and extras come via a separate laundry, double glazing, heating/cooling and car space, ensuring you lack for nothing. In a fabulous position that puts trams out front, is close to cafes, local shopping, dining and only moments from schools, zoned to Fitzroy High, inspection will impress.
