Auction

A relaxed haven designed to encompass space and light, this immaculate two bedroom, two bathroom double-storey residence offers everything you need to live comfortably within a coveted lifestyle pocket. Boasting a private position within a well-maintained allotment of only two, the property is immediately introduced by stylish floorboards across a deceptively airy open plan. The sparkling kitchen showcases quality appliances including stainless-steel dishwasher and ample shaker-style cabinetry. Meanwhile, the bright meals/family domain progresses to the easy-care entertainer's backyard featuring decking, rainwater tank and shed. There is also carport off-street-parking via an automatic roller door/laneway ROW that can also be utilised as an undercover hosting area. Robed bedrooms are split between floors and accompany the central bathroom comprising spa bath (master with ensuite). Featuring two split systems and a European laundry. Ideally set, moments to Bell Street buses, Melville Road trams, Coburg North Village, schools and CityLink access.
