## **BRAND NEW EXECUTIVE LIFESTYLE**

Nearing completion and achieving a lifestyle of low-maintenance luxury, these brand-new townhouses provide the perfect fusion of modern fashion and functionality for executives and first home buyers. Slightly varied in their designs, the residences each enjoy the benefits of two robed bedrooms on the upper level accompanied by a central bathroom complete with toilet, while a ground floor powder room and laundry provide added convenience. For those requiring extra space, a study can be found in some of the layouts, while a wonderful open plan living, dining and kitchen forms the social hub of the homes, expanding out onto a delightful courtyard for outdoor enjoyment. Superbly complemented by either a carport or garage, in a superbly convenient location that places you close to Waverley Gardens Shopping Centre, Springvale Train Station, buses, Warner Reserve plus nearby access to Monash and EastLink Freeways.

Photo ID required at all open for inspections.
