Experience ultra urban design with palpable lifestyle excitement in this captivating three bedroom two bathroom security town residence. Across five engaging levels that culminate in your own show stopping rooftop, this city inspired haven features two private ground floor bedrooms (built in robes) centralised by a fully tiled bathroom with European laundry. The first floor is the open plan living and dining centrepiece with a smartly appointed kitchen (updated appliances), hidden powder room and full length balcony giving the space extra airflow. The second floor is the enviable main bedroom suite with built in robes, an edgy ensuite and decked balcony terrace. Take the spiral staircase up to the rooftop terrace, grab a seat and enjoy the 360 degree views of the lively St Kilda landscape with glimpses to Port Phillip Bay, Luna Park and the O'Donnell Gardens palm trees. Complemented with internal access to a lower level oversized auto garage, this amazing home is private and peaceful towards the rear of the heritage fronted 'Waitara' building, while complete with timber floors, panel heating and reverse cycle air conditioning. Enjoy a choice of buses on your doorstep and diverse range of cafes and eateries nearby, walk to Acland Street for the cosmopolitan culture, Carlisle Street for the tram, St Kilda Botanical Gardens for the serenity and St Kilda Beach for a swim.
