Surrounded by the lush green canopies of Mont Albert, an exclusive collection of seven individual townhomes tell a story of modern, 21st Century living, defined by space, light and indulgent detail. Crafted and contemporary, each residence is a sanctuary of elegant design to redefine living in Mont Albert North. The neighbourhood is a quietly prestigious, residential pocket that delivers a rare balance of historic, wide leafy streets and urban amenity, conveniently bordering the multi-cultural buzz of Box Hill, Melbourne's second CBD. Mont Albert North is small and sought-after, a unique precinct that has retained its exclusivity. The streets are lined with manicured gardens and expanses of parkland, sports grounds and nature reserves that deliver an enviable outdoor lifestyle, just 13km from the city. Here, life is in perfect harmony. Each residence explores new ways of increasing liveability through considered design. The two storey, 3 and 4 bedroom townhomes are a showcase of perfect proportions, open layouts and luxurious detail bathed in light. Spaces are larger, more considered, outstanding in quality and timeless in design. T-A Square Architects have developed a design that stays and evolves in a picturesque, green neighbourhood.
