Boutique Townhouse Development in Beaconsfield

Introducing the highly anticipated stage 2 of this remarkable townhouse development in Beaconsfield.

These four-bedroom homes are a stunning display of modern design and functionality, offering a spacious and well-appointed living experience. With a master bedroom both upstairs and downstairs, these homes are perfect for families or those looking for a flexible living arrangement. The stainless steel Westinghouse appliances and six split system heating and cooling units throughout the home ensure that you can live in comfort and style all year round. Hybrid timber flooring and a solid timber staircase add a touch of elegance to the home, while the carpeted upstairs provides a cozy and comfortable living space.

Each home boasts a generous 23 squares in size, including the double garage, giving you plenty of space to live and entertain. By buying now in stage two and waiting for the long settlement, you can take advantage of the predicted property price increase.

Don't miss your chance to inspect a recently completed home by the builder, available by private appointment only.

Plus, with one-part contracts, you'll only need to pay a 10% deposit, with no further payment required until settlement, estimated to be at the end of 2024.

Experience the ultimate in modern living with these stunning townhouses in stage two of this impressive development.

Contact me today on 0406 591 252 to book your private inspection.
