Type: Unit

TASTEFUL UPDATES, IDEAL FAMILY DESIGN

Effortlessly marrying traditional character with trendy updates, this single level unit feels incredibly welcoming and presents families, downsizers and investors with a special place to call home directly across from Scoresby Secondary College. Placed at the front of only two, the home's layout is perfectly suited to family life with the large entry foyer flowing through to an L-shaped lounge and dining/study zone that's enriched with polished floorboards and corner windows. Recently renovated and reflecting cutting-edge style, the kitchen showcases the glamour of stone benches, a wide undermount sink, soft close cabinetry and Fisher & Paykel appliances, while the meals zone spills out onto the spacious alfresco entertaining deck. Along the hallway, the three bedrooms all benefit from built-in-robos and polished floorboards and area accompanied by a family bathroom with toilet, convenient powder room plus the laundry. Further complemented by the inclusions of solar panels, a new Brivis gas ducted heating unit, split system air conditioning, LED downlights, garden shed plus a double carport. A host of amenities rest close by and include walking access to Carrington Park Primary, Scoresby Secondary, buses and parks, near Waverley Christian College, St Andrews College, Westfield Knox plus Monash and EastLink Freeways.

Photo ID required at all open for inspections.
