A rare find for Mooroopna! - this well presented townhouse has been well cared for and loved. Featuring only two on the block this well appointed two bedroom townhouse offers lounge with split system heating and cooling throughout , well equipped kitchen with good cupboard space and a lovely meals area that leads out to a beautiful pergola area - a great space to enjoy a cuppa tea or a nice cool drink or too. Good size bedrooms each with built in robes, bathroom complete with bath and a good size laundry with external door that leads out the single garage. Well worth an inspection will not last long. Property Code: 4427
