Unique Waterfront Living!!

This delightful "townhouse" style unit sits in a prime spot overlooking Bramble Bay and combining water views with Brisbane City lights as a stunning back drop.

With the lock up garaging, laundry, dining, lounge and kitchen on the lower level it sure has space galore.

Upstairs has a huge main bedroom and combined with a massive walk-in robe is a true retreat.

The second bedroom is generous and well positioned to the bathroom.

The kitchen and bathroom have both been renovated and look a treat, the whole unit really is modern and fresh and a joy to come home too.

All the above is important but it's the position that really counts with this one.

Water views from most windows make this a bluechip package and the convenience of beautiful walkways, public transport, shops, the Redcliffe Golf Course and much more all within minutes of your doorstep make this irresistible in so many ways.

Please don't delay, this will not last long.
