Neat, Sweet & Complete!

Separate title and NO BODY CORPORATE! An ideal opportunity has arrived, for all entry-level buyers, downsizers, or investors looking at getting a start into this continually flourishing market. Positioned with your own street frontage and in a superb location, close to schools, walkable to Sunbury's township, and public transport on your doorstep, this low-maintenance unit will put a smile on any buyer's face.

Even though this property has been listed as a 2 bedroom, you will enjoy the convenience of another room located right toward the front which is big enough to create a third bedroom or otherwise a sizeable home office with a recess in the wall for the perfect size built-in robe or shelving area.

Through to the kitchen meals and living space, you will find the kitchen tucked away opened to the meals area. The kitchen is complete with a free-standing oven with a gas cooktop, dishwasher, and plenty of room for a few chefs in the kitchen at once.

The 2 bedrooms include built-in robes for ample storage and the master is of a generous size complete with a full ensuite. A central bathroom can be found down the hallway complete with a bath and there is also a separate toilet.

Additional features to this outstanding unit include laundry with internal access to the single lock-up garage on remote, ducted heating, split system, colourbond fencing which surrounds the courtyard and grass area, and so much more that needs to be seen!
