\$490,000 - \$530,000

The impressively renovated spaces of this single level unit represent the perfect approach to a coveted address for first time buyers or investors. Engineered timber flooring, exceptional presentation and pleasing privacy define a design where a full width deck adds an ideal, low-maintenance outdoor element. A living/dining area entered from the deck is complemented by an adjoining kitchen equipped with stone benches and modern cabinetry while a fully-tiled bathroom serves two double bedrooms, each with built-in robes, in style. Off street parking completes an ideal entry level address that will perform reliably from a rental perspective, only moments from Douglas Parade, The Strand and the bay.
