\$1,095,000

Size up the serenity in your life with this upscale single level residence! Whisper quiet and wonderfully well-sized, this three bedroom, two bathroom, dual zone rear home offers perfect peace and peace-of-mind - from its plushly private master-suite, to its lushly landscaped formal courtyard garden! Built on a grand scale with room to lounge and dine in an expansive formal zone, and space to relax and entertain in a tiled kitchen-casual area, this sizeable single-level home is presented in classic style with premium carpets, prestige window-furnishings, and quality appliances including a gas-cooktop and dishwasher. Ready to welcome with all the extras from ducted heating and air-conditioning, to alarm and intercom, to big built-in and walk-in robes, there's even more space and serenity outdoors. So well-positioned with an easy-access double garage at the end of well-groomed driveway, there's a similarly well-landscaped courtyard oriented to afternoon sun just beyond the casual area. So secluded, this serene single-level home is also surprisingly central to it all, with bus-routes in all directions close, Tucker Rd's shopping strip, cafes and primary school within 350m, and a choice of major retail and transport precincts within minutes.
