Coastal vibes on the cusp of the Yarra Valley

Relaxed coastal hues paired with a modern open plan design, this impressive home definitely pulls at the heartstrings. Showcasing qualities that will suit a range of buyers from young families through to downsizers and retirees, all will enjoy the attention to detail and quality finishing touches. A home that makes you feel instantly welcome, emphasised from the soft earthy tones of the engineered floors, the crisp wall palette, and the natural light filtering in through the vast windows and doors, it's safe to say that this is a property that will do you proud whether it's the home where you raise your children in, or a happily ever after home. Positioned in a quiet family neighbourhood, close to schools, transport and shopping amenities, discover 3 bedrooms (zoned master), kitchen with a walk-in pantry and a social connection to the indoor and outdoor living areas, stone bench surfaces throughout, refrigerated heating/cooling, a low maintenance yard, and private access to the garage.
