Spacious, Sunlit and Single Level with Frankston High School Zoning

Privately cocooned within a well-maintained small garden group, this spacious two-bedroom residence offers single level living in a prime central location. Set back off the service road and situated within a short stroll of Monash University, Frankston Hospital and the botanic gardens, together with golden beaches in mere moments and prized Frankston High School zoning, this savvy starter or downsizer is poised for a lifestyle of convenience. Inside greets you with a well-positioned cupboard to hang your coat, flowing to bright, light open plan living and dining with timber style flooring and the comfort of a split system. The accompanying neat and tidy kitchen features a freestanding cooker and breakfast servery, along with a pantry and windows overlooking the backyard. Here, the private courtyard garden contains a paved alfresco for entertaining and relaxing in the sunshine, with just the right amount of space for pets, children and those who love to garden without too much upkeep. Both great-sized bedrooms are fitted with built-in robes and ceiling fans, complemented by a modern bathroom with a walk-in rain shower and separate toilet, while a proper laundry room will delight. Complete with a storage shed, single carport and visitor parking, it's the outstanding location that will impress. Everything you need is within easy reach, steps from the bus stop and within a heartbeat of Frankston Pier and the foreshore, Bayside Shopping Centre, Chisholm, the train station, restaurants, cafes, PARC and freeway access.
