Enticing, Effortless & Zoned for Success!

Leafy surrounds and a prime spot in the Frankston High School Zone - this low-maintenance gem is as carefree as it is contemporary, making this your next smart move. Tucked away at the rear of a well-maintained complex, this single-level unit blends privacy with a fresh, modern vibe, mere minutes from the heart of Frankston's lively foreshore precinct, with easy access to shops, Monash University, and the freeway-because sometimes, convenience really is everything.

Inside, open-plan living and dining areas capture natural light from a northern alfresco aspect, leading to a private paved courtyard-ideal for entertaining or just soaking up the rays. The sleek, updated kitchen comes equipped with stainless steel appliances, including a gas cooktop, dishwasher, and ample cupboard space, whilst two generously sized bedrooms cater to all your needs, including the main with a walk-in robe and ensuite. A central bathroom, ducted heating, split system air conditioning, a single lock-up garage with remote access, and a large laundry round out the perks - perfect for those who want stylish living with a no-fuss attitude, all just minutes from everything you could ever want.
