Upstairs Unit Directly Opposite The Ocean

An oldie but a goodie, this is a very large 2 bedroom unit with ocean views and so very close to Broulee Beach. Situated in the hub of Broulee, across the road from the beach and next door to the famous Broulee Brewhouse, you will never be bored. The lounge/living and kitchen area is all open plan and extremely spacious, the outlook is straight to the ocean plus you have an entertainment deck for those Summer BBQs. Both bedrooms are reasonably sized with storage and you also get a rear balcony and a downstairs carport at the back of the complex. The laundry space could be converted into a second bathroom if you wished to do so. This is a fabulous opportunity to secure your own place in the sun.
