## Beautiful Renovated Unit

This beautifully renovated unit. Only a few minutes' walk to the sandy foreshore of Thompsons Beach and located next to the local shops where you have access to groceries, bakery, doctor, newsagent, takeaway food, cafés, bottle shop and more.

This property has a fabulous list of features including:

Luxury kitchen with pantry space, large glass display cupboard, and a double fridge space.

The living and dining area has a high raked ceiling and opens out onto the courtyard.

The courtyard is very private and has an insulated roof, includes a BBQ, is paved and has a lovely garden.

An additional media space is ideal for an office or reading area.

Two bedrooms have built-in robes and ceiling fans.

There is a separate laundry with a single tub and cupboard space that add to the great amount of storage in this home.

The home is air conditioned.

The lockup garage is an excellent size, boasting extra length to incorporate a workshop area, and features lots of storage including a mezzanine level.
